Inhalte
<p>A small group of students (Erasmus and Faculty) will choose project topics to be discussed and developed in the course of the term. They will combine theoretical and practice-related aspects of a theme from the Social Work spectrum.</p> <p>The tutorial format will serve to encourage discussion and exchange between students who are spending a term in Regensburg and those completing one of the Social Work Courses at our faculty. This is an important integrative aspect of the course.</p>
