This table refers exclusively to admission to a degree program at OTH Regensburg and cannot be applied to other universities.

Documentation of German language proficiency recognized for admission to a course of study at OTH Regensburg is determined by the Framework Regulations on German Language Examinations for Studies at German Universities (RO-DT) and is conclusive.

Proof of German language skills is a prerequisite for university admission at OTH Regensburg. This can be acquired through the four recognized language examinations **DSH**, **TestDaF**, **Studienkolleg Feststellungsprüfung "Deutsch"** and **DSD/German Language Diploma** with the respective levels required for the field of study.

The language examinations directly recognized at OTH provide the German language skills required for university admission. In order to compensate for the missing university qualifications in accordance with the framework regulations of the HRK, the language certificates to be recognized as a substitute can only be taken into account when the next higher level is reached.

Please note, therefore, that a Goethe-Certificate B 2, for example, cannot replace a DSH examination even if it is classified as such in the Common European Framework of Reference.

Persons holding a school-leaving certificate that corresponds to a German university entrance qualification are completely exempt from providing proof of language skills required to study.
